MISSIONARY DIGEST

SOUTH and CENTRAL AMERICA

Brazil

Norma Sweeney (’53) boarded the "S.S. Marmachawk" in New York City on Aug. 5, to return to her children's work in Salvador, Bahia, Brazil. Port stops at Norfolk and Savannah enabled her to contact family and friends for an extra "good-bye."

Edgar ('48) and Jane (Sutton '49) Lieb, in Granja, Ceara, Brazil, rejoiced when three little girls in Sunday school and one in a child evangelism class, and four men in another town professed salvation recently. Ed is teaching English in the local high school this year for three hours and Jane is assisting for one hour. When Jane offered a course on John, 35 volunteered to take it and one has already completed it. The Liebs were anticipating Pastor Hirschy's visit for their annual Bible conference this summer.

Helen (Parden '48) and Lyman ('49) Goehring arrived in Belem, Para, Brazil, with their four children on April 24 and found a large house near downtown and near the American school where the children will go. Baggage went through with no difficulty and no customs charge—only $55 fee for the dispatcher. The Goehrings are encouraged by the progress of the church in Jurunas which now has its own national pastor and is interested in helping in the new work in Canadosis. At present Lyman is assisting at the Bible book store until the missionary on furlough returns.

Dale (’54) and Martha (Sheffield ’55) Payne are attending the last term of language school in Campinas, E. de Sao Paulo, Brazil, studying Portuguese. Prayer was answered in the matter of shipping their baggage to the Amazon and on up to the area where they expect to be working under ABWE. An assessment for duty and shipping of $2,600 was finally reduced so that all charges came to only around $450.

Gladys (Jennewein ’50) and Ronald (’52) Meznar are encouraged in their work in the little ply-wood tabernacle in the district of Itaim where Sunday School attendance now averages about 55 and even larger groups attend on Sunday night. Ten believers are attending a baptism class. Two evenings a week Ronald teaches at the downtown Bible class in Sao Paulo where about twenty Brazilian men are preparing for the ministry.

Sandra Cue (’55) is now at "home" at the Waica station in the northwest border of Brazil, nestled in the foothills of the mountains bordering Venezuela. Enjoying the beauties of her surroundings, Sandy is engaged in language study and dealing with a people who are superstitious and steeped in witchcraft. She has been making furniture in her spare time to furnish her leaf-shingled house which is built on stilts 7 feet off the ground and is made of poles, bush rope and woven leaves with the door and floor of palm slats.

Colombia

Charlotte (x’56) and Charles (’56) Willoughby moved in May to Tibu, some 90 miles north of Cucuta, Colombia. They will be cooperating with a small evangelical church in this oil country, but plan to work mainly in the surrounding villages and areas where there is no witness at all for Christ. In the area just north of Tibu is a fierce tribe of Indians, the Matilones (much like the Aucas of Ecuador). They have been "on the war-path" for months. The annual TEAM conference for the area was held in San Cristobal, Venezuela, on August 11-20.

HAITI

Robert Wagler (x’51) with a burden for the coastal city of Jeremie in Haiti conducted a two-week campaign, the first of its kind in Jeremie. Several Protestant churches cooperated and found real blessing and unity among Christian brethren.

EL SALVADOR

Betty (Smetters ’53) and Dan Merrick held a month of evangelistic campaigns in their area of San Salvador, El Salvador, with many responding for salvation and many hearing the Gospel for the first time. Merricks are seeking a location for their radio tower and transmitter building. They have started a radio choir with nationals in addition to maintaining fourteen programs and two children's classes.

HONDURAS

May and Ben (40) White are receiving a good response to the nearly 3,000 letters with Gospels and tracts that they have put into the mails. First lessons of the correspondence course have been sent to 124 persons and tracts sent a second time to 253.
David ('52) and Mary (Graver '53) Naff have completed their first year of service in Monrovia, Liberia, at radio village ELWA. They are anticipating the arrival of the new 50 KW Transmitter included in the 17-ton shipment of equipment for the radio station. They are personally rejoicing in the provision of a refrigerator.

**Nigeria**

June (Bell '51) and Ian ('50) Hoy located in Jos, Nigeria, with SIM feel that Nigeria is probably one of the most rapidly changing countries in the world today. In this day of nationalization it is imperative that we get trained men for the Bible schools so that the church can be truly indigenous. They recently dedicated a new Bible school building in Jos and have about 70 enrolled. An evening course is conducted for English speaking clerks. Over 5,000 of the first lessons of the Bible correspondence course have been sent out, and some are already finishing to receive a certificate and a New Testament supplied by the Pocket Testament League.

Mildred Mosby (x'53) has completed a semester of teaching at Titcombe College, in Egbe, Nigeria. There have been interruptions such as the storm which tore down part of the administration building, a battle with malaria and dengue fever. Expansion is planned to include a new biology laboratory and equipment which especially interests Milly. The present enrollment at the college is about 250.

**Congo**

Helen Gow (x'48) in Congo Belge, Afrique, who is associated with Iola Baker (x'49), goes with the nurse to baby clinic in villages away from the mission. During clinic interviews she conducts a children's meeting. In their school six boys recently accepted the Lord. Instead of taking a summer vacation, Helen and Iola entertained two missionaries from Bukavu of the Africa Inland Mission at their quiet jungle home.

**Southern Rhodesia**

Lenora (Gearhart '54) and Armond (x'54) Fritz feel it is a challenge and privilege to be at Mavoradonha Mission Station in Southern Rhodesia where the training of future leaders goes on. They recognize the rising tide of nationalism which may close the doors to outsiders. Bud is in charge now of the school boys and their work in the afternoons and will supervise some building they are doing. Lolly is teaching the girls cooking, sewing, and gardening. Steven is tickled "to death" with his brother, Mark Lee, even though he insisted on a "girl brother" before the baby was born.

**Belgium**

Janice (Brown '53) and John ('54) Miesel thank the Lord for success in passing French examinations in May. During the summer they took the Colonial Courses with another series of examinations scheduled for July. Little Brenda has completed her first year in a Belgian school and now speaks French better than Mom and Dad.

**Austria**

Nell Pearson (x'49) in Austria included three weeks of DVBS and three children's camps in her summer schedule. On a visit to Yugoslavia, Nell and her companion, Miriam Wheeler, were limited to one week's stay and because of a new regulation were not allowed to speak in any of the churches they visited, though they had warm fellowship with Christians and especially enjoyed a weekend conference with about 200 people in attendance.

**Germany**

Kermit Zopfi (x'50) is the new director of the German Bible Institute. Twelve young people from three countries received diplomas in the 1959 graduating class. Two of them plan to go to Pakistan as missionaries. More than 500 people gathered for the commencement program in a tent in which a Bible conference was also held in the succeeding days.

**France**

June (Hively '54) and Darwin (x'54) Neddo continue French studies in Paris. June is enrolled in a special course for a month in daily sessions each morning. She returns to Maisons Laffitte by train at 1:05 p.m. and Darwin, who has brought their children in a stroller, catches the 1:07 for Paris--close timing! Field conference for the Greater Europe Mission was scheduled for August 29 through September 5.

**Central African Republic**

Agnes (Copeland '36) and John (x'37) de Rosset recently spent several days evangelizing on the road leading to Fort Crampel in Republique Centrafricaine. In all they preached to 520 people and the Lord blessed with 41 decisions for Christ—32 were children in one village.
Asia

Viet Nam

Robert ('51) and Mildred (McBride x'51) Davis completed missionary internship in Pittsburgh on Aug. 9. They are making preparations for air travel from the West Coast to Saigon, Vietnam, under the Christian and Missionary Alliance.

Ernest ('52) and Lois (x'54) Cartright Lee lived in Saigon, Vietnam, from January until May when they were granted permission to work among the tribal people. They immediately sought a location and have moved to the town of Dran where they found a little frame house about six hours north of Saigon. They will continue language study in Vietnamese before launching into the translation work in a tribal language.

India

Tom (Manford) Cain ('43) reports from Udhampur, N. India, a wonderful time at Bible Camp when they took tents and camped in a pine grove at about 5,000 ft. altitude. Four 1 1/2 hour Bible sessions were held during each of the three days. The Cain family had a retreat in the Kashmir valley where they lived in a houseboat.

Korea

Pearl Rathbun ('56) in Inchon, Korea, continues intensive language study as she ministers through music at station HLKX. She is also privileged each Tuesday evening to hold an English Bible class for a group of doctors and nurses at a T. B. sanitarium about eight miles from her compound.

Thailand

Rhoda (s'56) and Malcolm ('57) Brodshaw, who are living in Narathiwat, S. Thailand, are seeking contact with the Malay people to the south of Thailand. One door has been opened through a Malay train which in going from the east to the west coast of the peninsula must pass through many miles of Thailand. Riding this train gives six full hours to distribute Scripture portions and talk to individuals with no legal restrictions. Another "leak" is through the air waves, and "Mac" is on the committee to prepare Malay broadcasts for the Far East Broadcasting Company in the Philippines.

Hazel (Waller '43) Carlson wrote of the sad news in North Thailand of the shooting of one of their single lady missionaries, Lilian Hamar. Although it is time for the Carlsons to return to the States after five years on the field, they are planning to remain for two more years to prevent interruption in their work just now and also to simplify the children's schooling program when they do return.

Japan

Wanda Lautzenheiser ('49), who returned to Japan in December last year, has been relocated for service in the city of Ome where she and her co-worker, Dorothy Peters, have a two-story house. They are planning work with Sunday Schools, teacher training classes, women's meetings, English Bible classes, and are especially concerned for the young married couples in their area.

Lois (x'56) and Seymour ('56) Ashley with their three J's, Jimmy, Jeannie, and Johnnie, moved in May to their permanent assignment on one of the southernmost islands of the Philippines and middlemost large island of the Sulu Archipelago. They are living in the city of Parang with a native family in a large house built out over the ocean. Their task is to learn Tausug and later to translate. There are no Christians in their city.

BRYAN REUNION IN PHILIPPINES

Ralph Toliver ('37) was one of the speakers at a retreat for FEGC missionaries at Banaue, Ifugao, Mt. Province, where Naomi (Hildebrand '56) and Roger Walkwitz are residing. Naomi regretted missing Verena Bender ('56) who passed through Manila early in August on her way to New Guinea with TEAM. George Haberer ('55), who is a printer with ABWE in Manila, met Verena at the ship.

New Guinea

Ralph ('54) and Melba (Mays '55) Maynard spent six weeks in Hollandia Binnen at the time Timothy Ralph was born in March. Returning to Mulia they found some clothing, a spring, a large knife and 3 axes had been stolen. The Maynards request your prayers as they pioneer and seek to show the love of Christ among the natives of Dutch New Guinea.

Why not make these missionary reports a part of your daily PRAYER schedule?
Robert Collitt (x'49), overseas deputation director of Youth for Christ International, will return to the U.S. in Sept. along with his wife, Flo (Mellick x'46), and two daughters. Bob has just completed nine months in Mexico organizing the 11th World Youth Congress sponsored by YFC. The Collitts will be at home at 709 College Ave. in Wheaton and remind Bryanites that their home is always open to them.

Laurine Kolderup (49), who is working on the translation of Luke for the Zapotec Indians in Mexico, had the company this summer of Mary Alice Greider, former Spanish teacher at Bryan.

**Furlough Feelings**

Nadine Schick (55) says June 5th was a happy day for her when she was reunited with her family at the airport in Wichita, Kansas—mother, father, sister and three little ones, two of whom she saw for the first time. Nadine is available to tell about the Lord's work in the Congo.

Bessie Degerman (53) spent 17 days on the ocean en route from Japan, with a stopover of four hours in Hawaii to arrive in Vancouver, Canada, on July 7. She was met by her sister and family and drove with them to her home in Bemidji, Minn. A family reunion, young people's messages at Oak Hills Fellowship, speaking at Gull Lake Bible Conference, and a stopover in Chicago for a physical examination and visit at TEAM headquarters, and participation in Oak Hills annual Bible conference have all been fitted into the weeks of furlough. Bessie plans to attend homecoming this fall.

Jean Pulkin (49) is making Atlanta, Ga., her furlough headquarters and looks forward to a visit to Bryan this fall. She shares with us the news that Alice White (55) was expecting to go or perhaps already is in Africa. She has recently seen Bryan grads, Alice Tolbemann (59) to whom she personally recommended Bryan, and Harold Adkins (57).

Alda Mae (Williams '51) and Earl Parvin and children have returned from Pakistan and are residing in Mansfield, Ohio, where Earl is serving as pastor of the Pleasant Valley Baptist Church.

Ruth and Clifford ('56) Hanham completed eight DVBS with plans for two more before the fall term of their Bible school starts in Auras, Oriente, Cuba. The girls that graduated from Bible school last year won seven young people to the Lord in a special meeting. The Hanhams welcomed the visit of Clifford's mother and father and his younger brother and wife during July. They also enjoyed the visit of five young fellows who were spending the summer in Cuba under the Practical Missionary Training Mission and shared in testimony and fellowship.

**IMPRESSIONS OF BRYAN ALUMNI**

*by John Bartlett, dean of men*

(Director of Bryan Gospel Messengers)

Now that I am back at the college and look back over the summer tour, my heart is full of praise to Him of whom we sang for ten weeks. Our ministry was fruitful, one of real blessing to us, and one in which the hand of the Lord was wonderfully felt among us.

I consider one of the highlights of the summer tour was the delightful fellowship we had with Bryan alumni. In every instance I was impressed with the quality of the ministry which ranged from rural home missions including an outstanding Baptist Children's home to pastorates scattered in many sections of the country. The spiritual fellowship which we enjoyed with Bryan alumni was one of the finest we had all summer long. My heart was especially thrilled at the warmth and interest among the alumni concerning the present program at Bryan.

As we continue to labor on the Hill remembering our motto, "Christ Above All," we covet your prayers that by His grace we might do a job effectively for Christ in these uncertain times.
